

## AccessHE Creative East London – Portfolio event

Thursday 20 October 2016  
4.30 – 6.30pm  
East London

AccessHE Creative is the new pan-London network under the AccessHE umbrella to bring together stakeholders committed to widening access to HE in the creative arts across sectors.

Our first **FREE** event for teachers and advisers covers portfolios. In partnership with Ravensbourne and Kingston University London, our higher education colleagues will give advice on what to include in a portfolio and show reel. They will also discuss how best to support students in building their work before an interview. Student ambassadors will be available at the event to showcase their work and talk to colleagues about their experiences and journey into higher education.
