

Future Focus

Create your future.

**Are you care-experienced and aged between 15 - 25?
Would you like to create video content with professional artists?**

Sign up to our Spring programme for care leavers and care experienced students, to work with **professional artists** and **top London Universities** to unlock your creative self, and develop life skills for the future.

Find out more

Creative Futures and AccessHE are excited to present Future Focus - a dynamic, creative programme for care experienced young people in London.

The programme will take place on Saturdays and Wednesdays, from 13th March 2021, until 31st May 2021.

Saturday sessions

offer the opportunity to work with a professional artist to explore various creative disciplines. Focus your creative inspiration to produce a short video that shows off your talents. The project offers script writing, theatre, song writing and more - shape your future with what interests you. You will also have the opportunity to work towards a Discover Arts Award, if you wish.

On Wednesdays you will have the chance to find out more about studying at university, with sessions lead by some of London's top creative Universities including Ravensbourne University London, ICMP, UCA and The Courtauld.

At the end of the programme your film will be showcased on the big screen at an exclusive celebration event.
